The practice targets will be set up at the first distance to be shot by each class.*

When shooting the Elimination Round and Finals Round, the Organizers may decide on the length of the practice period taking into account the schedule for each day.

At other FITA events practice will be for a maximum of forty-five (45) minutes but maybe less, and the competition will start as soon as possible.

3.19.1.2 *For Indoor Target Championships this practice will be for a minimum of forty-five (45) minutes. The practice must cease fifteen (15) minutes before the competition starts. When shooting the Elimination Round and Finals Round, the Organizers may decide on the length of the practice period considering the schedule of each day.*

3.19.3 For all Championships:

3.19.3.1 *Should the practice field be insufficient for the number of competitors, the Organizers may arrange two or three practice sessions a day, of at least four hours each. Attendance at these sessions may be booked up to 24 hours in advance. Bookings for more than one session a day for the same competitor may only be accepted if this does not prevent any other competitor booking a first practice period at the session of choice.*

3.19.3.2 *A Director of Shooting must be in charge of the official practice field at all times. Acoustic signals will be given to indicate when all shooting must stop in order to allow competitors to collect their arrows, and when shooting can be resumed.*

3.19.3.3 *Upon the Director of Shooting sounding the acoustic signal, all competitors will move forward to collect their arrows. No competitor may shoot during this time. Competitors contravening this rule may be barred from the practice session.*

6 RULES OF PROCEDURE AT CONGRESS IN SESSION

6.1 The President

The President is the senior officer of FITA and as such the President's dignity and precedence should always be upheld and respected by everyone in Congress. When the President rises to speak, delegates shall take their seats.

Matters arising from different understandings of the order and procedure at Congress shall be clarified by C&R and voted on by Congress. In respect of matters of order and procedure not covered in the Constitution and Rules or these Standing Orders the President's ruling shall be final.

6.2 The Delegates

All delegates in Congress have the right to speak.

- 6.2.1 *A delegate must signify his/her wish to speak ("take the floor") by holding up one hand;*
- 6.2.2 *Should several delegates request to speak at the same time, the President will call them one by one in the order each "catches the President's eye" - or by listing the delegates and calling out the order. If it's a controversial subject it may be necessary to call "those for" and "those against" alternately in fairly equal numbers. Such arrangements are at the President's discretion.*
- 6.2.3 *A delegate, when speaking, should usually rise in his/her place or walk to a rostrum if such is provide. Each speaker must always address the President ("the Chair").*
- 6.2.4 *Every speaker must start by giving his/her name followed by the Member Association or Continental Association represented or by indicating the status as Vice President, Council or Committee member. This is required to identify to Congress and on the tape recordings who is speaking.*
- 6.2.5 *A delegate when speaking will not be interrupted except by another delegate rising to a "point of order" or by the President.*
- 6.2.6 *A delegate when speaking must keep to the subject under discussion.*
- 6.2.7 *For delegates voting, consult article 1.6 of the Constitution and Clause 6.6 of these Rules.*
- 6.2.8 *Going into Committee*
Congress may resolve to move into Committee for special matters. This is referred to as being "in Committee" or "in Camera". This allows for less formality and delegates are not restricted to one speech only. Discussions are not to be minuted and tape recording will be suspended. While "in Committee" a statement or proposal will be decided on the matter that was discussed which will be announced when Congress is resumed and will be minuted.

6.3 The Minutes

The Minutes of a previous Session of Congress having been circulated in advance will be taken "as read". The adoption of the Congress Minutes is usually proposed by the Chairman. Discussion on the Minutes will be restricted to their accuracy. Any proposed correction in the Minutes must be carried by a majority of those delegates present at the

BOOK 1

FITA CONSTITUTION AND RULES

previous Congress Session. The President will sign and date the adopted Minutes and initial any corrections.

6.4 Motions for laws (see article 1.6.12)

6.4.1 Motions are modifications, alterations or revisions of the Constitution and Rules submitted for consideration by Congress. Notices of Motion are presented according to the Constitution. Motions usually state the new wording to be used or express a clear concept. Motions must be positive.

6.4.1.1 *When compiling the agenda, motions are arranged in proper sequence according to part of the Constitution and Rules they seek to change.*

6.4.1.2 *The delegate presenting the motion is invited to speak first. The motion is then open for discussion.*

6.4.1.3 *Delegates are requested to speak once only on the same motion, but may at the President's discretion be allowed to speak again;*

6.4.1.4 *The President may during the discussion turn to a speaker and request some additional information or explanation.*

6.4.1.5 *The delegate who presented the motion will be given the opportunity to reply as the last speaker before the motion is put to a vote.*

6.4.1.6 *The President may propose a time limit for each speech according to prevailing circumstances.*

6.4.1.7 *Every delegate who wishes to speak should, if at all possible, be given the opportunity to do so.*

6.4.1.8 *Speakers should at all times refrain from repetition and must keep to the subject under discussion. Failure to do so may require the President to call the delegate to order, and, if repeated, may rule the delegate out of order and so prevent the speaker from continuing.*

6.4.2 A motion may be withdrawn by the mover before it is presented to Congress. When a motion is before Congress it may be withdrawn only by consent of mover and supported by Congress.

6.4.3 A motion carried by Congress may not be repealed later at the same Congress.

6.4.4 An amendment to a motion is subject to the same general principles as the original motion and must be presented in accordance with articles 1.6.12 and 15. An amendment must be directly relevant to the original motion and must be positive. More than one amendment may be moved, but only one amendment shall be laid before the Congress at one time.

The order in which amendments will be discussed on the floor of Congress will be decided by the Secretary General.

- 6.4.4.1 *The amendments will be placed in logical order based on the position of the original motion.*
- 6.4.4.2 *If it appears to the mover of an amendment that the order of its placement alters the intention, the mover may seek to have the order changed and Congress will determine whether to change it or not.*
- 6.4.5 A delegate may move that "the question be put". If this is carried the mover of the original motion will be given the opportunity and right to reply. A vote is then to be taken immediately.
- 6.4.6 A delegate may move a motion to "lie on the table" and if carried, no further discussion will take place at that Congress.
- 6.4.7 A motion or amendment may, at the discretion of the President and with the approval of Congress, be divided into separate parts, provided the intention and meaning of the motion remains unchanged. A vote on each separate part will then take place.
- 6.4.8 A motion or an amendment to a motion, to change Chapter 1 and Chapters 4, 7, 8 and 9 require a two-thirds majority vote. Motions and amendments to change other chapters require a simple majority vote for adoption.
- 6.4.9 Motions and/or amendments that have been adopted by Congress come into effect on April 1 of the year following Congress unless a different date is specified.

6.5 Proposals for laws

- 6.5.1 A proposal does not involve amendments to the Constitution and Rules. Proposals express an opinion, a suggestion, an offer, a task, a plan or a request that is being laid before Congress for consideration.
- 6.5.1.1 *Proposals are placed on the Agenda as appropriate to their reference to the Laws and Bylaws.*
- 6.5.1.2 *Amendments to proposals may be proposed and dealt with in the same way as motions.*
- 6.5.2 Proposals require a simple majority vote for adoption.

6.6 Procedure for Motions and Proposals for Bylaws

- 6.6.1 Motions on Bylaws or changes in Bylaws, including their deletions, may be submitted to the Secretary General by Member Associations, Continental Associations, the President, Members of Council, or the Permanent Committees from within their respective terms of reference.

BOOK 1

FITA CONSTITUTION AND RULES

- 6.6.1.1 The Secretary General will refer all motions for Bylaws to the relevant Permanent Committees for review and recommendation.
- 6.6.1.2 The Permanent Committees will submit their responses to the Secretary General within 45 days of receipt of the suggested Bylaws.
- 6.6.1.3 The Secretary General will distribute the motions for Bylaws with the committees' recommendations to the Constitution & Rules Committee to verify :
- That the submitted motions to Bylaws are determined as Bylaws, and
 - The Permanent Committee's recommendation is consistent with the existing FITA Laws & Bylaws
- 6.6.1.4 The Constitution & Rules Committee will respond to the Secretary General, within 30 days of receipt of the report from the Permanent Committee, with its recommendations on the report's compliance with the conditions of 6.6.1.3 above.
- 6.6.2 Council decisions:
- 6.6.2.1 The Executive Committee will decide if it is necessary to put the suggested Bylaws to a postal vote or discuss and to vote on the suggested Bylaw at the next Council Meeting. If a mail vote is decided to be necessary, Council will make its decision using the majorities required by the FITA constitution within 14 days of receipt.
- 6.6.2.2 The Secretary General will publish the approved new Bylaw with its effective start date within 30 days of the Council's decision.
- 6.6.2.3 Where Council does not approve the suggested Bylaw, the Council will send its opinion to the original presenter.
- 6.6.3 Congress will confirm or reject the new Bylaws at its next session.
- 6.6.3.1 All Bylaws will be voted on by Congress en bloc except for those noted in 6.6.3.2 below.
- 6.6.3.2 Written requests to vote on a specific Bylaw in Congress may be submitted to the Secretary General by Member Associations, Continental Associations, the President or the Council. This request must be submitted at least 30 days prior to the publication of the final Congress papers.
- 6.6.3.3 Where Congress rejects a Council decision on a Bylaw, the original situation is reinstated.

6.7 Voting

- 6.7.1 There is no requirement for a delegate to vote, but failure to participate in voting is to be avoided wherever possible as many delegates in Congress do not have the right to vote. Voting delegates carry the important responsibility given to them and, in accept-

ing the position of delegate have, accepted this trust and privilege. Voting delegates are representatives of Member Associations and should be free to decide on the various subjects after having heard Congress discussions, therefore instructions that may be given by a Member Association should be guiding rather than binding.

6.7.1.1 *When the discussion on a subject is ended, the President will state in full the wording of the matter before Congress on which a vote is about to be taken.*

6.7.1.2 *Mode of voting*

Any decision may be voted upon by show of cards with the exception of:

- *Elected positions which are voted by secret ballot*
- *Allocation of championships also by secret ballot*
- *Any three voting delegates may request a secret ballot*

Any Votes can be cast electronically

6.7.2 The number of voting delegates (one for each Member Association) are counted and announced at the beginning of every Congress after the Secretary General has taken the roll call. Voting delegates are named separately on the attendance register.

6.7.3 Majorities

- Motions require 50%+1 of the votes cast, an abstention is not counted as a vote cast
- Motions on constitutional matters and shooting rules require 67% of the votes cast, an abstention is not counted as a vote cast;
- Elected positions require 50%+1 of the valid votes of the registered Member Associations at that Congress session (beginning of voting that day)

6.7.4 Procedure for Voting for FITA officers

6.7.4.1 Number of votes:

- Each voting delegate has as many votes as there are positions to be filled,
- Voting delegates may only vote once for each position to be filled or two if a proxy vote is being cast,
- Ballots that have not been filled in correctly do not count.

6.7.4.2 First Round of voting:

- If there is only one position to be filled and if there is only one candidate the vote can be by acclamation
- The candidate who achieves 50%+1 or more of the valid votes of the registered Member Associations at that Congress Session is elected.

BOOK 1

FITA CONSTITUTION AND RULES

- If there are more candidates than positions to be filled and not all positions to be filled reach the 50%+1 of the eligible votes of the registered Member Associations at that Congress Session, the procedure is as follows.

6.7.4.3 There will be a Second Round of voting:

- Those positions that have been filled and the candidate (candidates if tied) with the least number of votes will be withdrawn from the list. (If, in the case of a tie for the least number of votes, there will be an insufficient number of candidates left to fill the positions available, a vote will be held to break the tie. The candidate with the least number of votes in the tie break will then be withdrawn from the list)
- Each voting delegate will have as many votes as positions remain to be filled.
- The above procedure will be repeated until all positions have been filled or until none of the remaining positions have reached 50%+1. In that case Council will appoint an ad hoc member (not one of the unsuccessful nominees) to fill the position till the next Congress.

6.7.5 Elected officers will take up their positions at the closure of the Congress at which they were elected and remain in office until succeeded by their successors.

APPENDIX 2**FITA CODE OF ETHICS (new)**

The FITA Code of Ethics is based on the IOC Code of Ethics and is aimed to preserve the highest possible ethical values that govern FITA, its officers and the entire Archery family.

PREAMBLE

FITA and each of its officials and members, the candidate cities for the World Championships, the Organizing Committees of World and other Championships, the officers of Continental Associations and the National Member Associations concerned (known as "the FITA family") restate their commitment to the FITA Constitution and the Olympic Charter and, in particular, its fundamental principles. The FITA family affirms its loyalty to the Olympic ideal inspired by Pierre de Coubertin.

Consequently, within the organization of the World Championships, the Olympic Games and other FITA recognized Events, the FITA family undertakes to respect, and to ensure respect of the following rules:

1 Dignity

1. Safeguarding the dignity of the individual is a fundamental requirement of Olympism.
2. There will be no discrimination between participants on the basis of race, gender, ethnic origin, religion, philosophical or political opinion, marital status or other grounds.
3. No practice that leads to any form of physical or mental injury to the participants will be tolerated. All and any doping practices at all levels are strictly prohibited. The provisions against doping in the Olympic Movement Anti-Doping Code will be scrupulously observed.
4. All forms of harassment against participants, be it physical, mental, professional or sexual, are prohibited.
5. The FITA family will guarantee the athletes conditions of safety, well-being and medical care favorable to their physical and mental equilibrium.

2 Integrity

1. The FITA family or its representatives will not, directly or indirectly, solicit, accept or offer any concealed remuneration, commission, benefit or service of any nature

BOOK 1

FITA CONSTITUTION AND RULES

connected with the organization of the World Championships or their function as FITA official.

Any unsolicited commission, remuneration, benefit or service of any nature that is received by a FITA officer or staff member, needs to be declared in writing within 30 days of receipt to the FITA office when the total value is higher than 150 US\$.

The Ethical Commission will review at the end of the year all of the declared cases and may decide that the beneficiary of such benefits may be FITA, or that the benefits must be returned to its origin.

2. Only gifts of nominal value (max of 150 US\$), in accordance with prevailing local customs, may be given or accepted by members of the FITA family, as a mark of respect or friendship. Any other gift must be passed on to the organization of which the beneficiary is a member. If the beneficiary is member of several organizations, the Ethical Commission will decide on the final destination.

Any gifts received of a higher value must be declared in writing to the FITA office and the Ethical Commission will decide on the final destination.

3. The hospitality shown to the members and staff of the FITA family, and the persons accompanying them, should not exceed the standards prevailing in the host country.

Travel arrangements that are offered by organizers or national federations (except the one of which the officer is member), which are not foreseen in a co-operative agreement with the organizer or with the national federation and FITA must be declared to the Ethical Commission before the trip is taken. The Ethical Commission may suggest to decline the invitation if this invitation is contrary to the ethical code.

4. The FITA family will avoid any conflict of interest between the organization to which they belong and any other organization within the Olympic Movement. If a conflict of interest arises, or if there is a danger of this happening, the parties concerned must inform the FITA Executive Committee, which will take appropriate measures.

5. The members of the FITA family will use due care and diligence in fulfilling their mission. They must not act in a manner likely to tarnish the reputation of the Archery and Olympic Movement.

6. The FITA family must not be involved with firms or persons whose activity is inconsistent with the principles set out in the Olympic Charter and the present Code.

7. The members of the FITA family will neither give, nor accept, instructions to vote or intervene in a given manner within the organs of FITA.

3 Resources

1. The resources of the FITA family may be used only for Archery and Olympic purposes.
2. The income and expenditure of the FITA family will be recorded in the accounts, which must be maintained in accordance with generally accepted accounting princi-

ples. These accounts will be checked by an independent auditor. They may be subjected to auditing by an expert designated by the FITA Executive Committee.

3. The FITA family recognizes the significant contribution that broadcasters, sponsors, partners and other supporters of sports events make to the development and prestige of the Olympic Games throughout the world.
4. However, such support must be in a form consistent with the rules of sport and the principles defined in the Olympic Charter and the present Code. They must not interfere in the running of sports institutions. The organization and staging of sports competitions is the exclusive responsibility of the independent sports organizations recognized by the IOC.

4 Candidatures

The members of the FITA family will, in all aspects, respect the FITA Constitution and the Manual for cities bidding to host the World Championships. Candidate cities will, *inter alia*, refrain from approaching another party, or a third authority, with a view to obtaining any financial or political support inconsistent with the provisions of the Manual.

5 Relation with States

1. The members of the FITA family will work to maintain harmonious relations with state authorities, in accordance with the principle of universality and of political neutrality of the World Championships. However, the spirit of humanism, fraternity and respect for individuals which inspires the Olympic ideal requires the governments of countries that are to host the Olympic Games to undertake that their countries will scrupulously respect the fundamental principles of the Olympic Charter and the present Code.
2. The members of the FITA family are free to play a role in the public life of the states to which they belong. They may not, however, engage in any activity or follow any ideology inconsistent with the principles and rules defined in the Olympic Charter or set out in the present Code.
3. The members of the FITA family will endeavor to protect the environment in any events they organize. In the context of the World Championships, they undertake to uphold generally accepted standards for environmental protection.

6 Confidentiality

The members of the FITA family will not disclose information entrusted to them in confidence. Disclosure of any information must not be for personal gain

2. The members of the FITA family will notify the Ethical Commission of any breach of the present Code.
3. Each year, the Ethical Commission will submit to the FITA President and Executive Committee a report on the application of the present Code, noting any breaches of its rules. The Ethical Commission will propose to the FITA Council sanctions that might be taken against those responsible.
4. The Ethical Commission may set out the provisions for the implementation of the present Code in a set of bylaws.

4.1.11 *The notification will include the exact time of handing over the notice. It must be signed by the competitor to acknowledge its receipt.*

4.2 Failure to report to the doping control station within the specified time limit will be recorded and regarded as equivalent to a positive test.

5 SAMPLE TAKING PROCEDURE

5.1 Taking samples will follow this procedure

5.1.1 *On arrival at the doping control station the selected competitor and the accredited representatives will show their doping control passes and the notification before entering.*

5.1.2 *The time of arrival will be recorded on the notification form.*

- 5.1.8 *If an insufficient volume of urine has been provided, the partial sample will be sealed and coded in a partial sample kit selected by the competitor. The competitor will remain under observation by the escort until 75ml of urine has been provided.*
- 5.1.9 *The competitor will then select a set of two bottles (A and B). He/she or the technician will pour at least 50ml of urine into bottle A and at least 25ml into bottle B and seal the bottles hermetically.*
- 5.1.10 *Using a residual volume of urine in the collection vessel, the technician will then measure pH and specific gravity of the urine. The pH must be between 5 and 7, the specific gravity 1.010 or higher. If the sample does not meet these conditions, a further sample may be required.*
- 5.1.11 *The competitor will be asked to declare all medications taken in the last three days. His/her answers will be recorded.*
- 5.1.12 *After checking that bottles A and B are properly sealed, the technician will attach the control labels on them and place bottle A in bag A and seal it and bottle B in bag B and seal it.*
- 5.1.13 *Any irregularities identified by the competitor or the accredited representative will be noted on the doping control forms before signing it.*

- 6.2 If a competitor is found to be positive for alcohol before the end of a competition the competitor will be withdrawn from the competition and sanctions may be applied.
- 6.2.1 *The alcohol test is performed by the testing of expired air.*
 - 6.2.2 *Selection for alcometer tests will be carried out by random selection at the end of the shooting of matches or of distances shot on the same day. Competitors selected for urine samples will also be tested for alcohol. Additional tests may be carried out at any time during competition at the discretion of the doping control medical officer.*
 - 6.2.3 *If the test of expired air exceeds the equivalent of a blood alcohol concentration of 0.1 promille (parts per thousand) a second test of expired air will be performed 10 minutes later using a different alcometer. If the second test of expired air still exceeds a reading equivalent to a blood alcohol concentration of 0.1 promille (parts per thousand) the competitor will be deemed to be positive.*

7 ANALYSIS OF THE SAMPLES

- 7.1 The urine samples taken during doping controls must be analyzed only at the IOC accredited laboratory.
- 7.2 The samples and the results of sample analyses must be handled in accordance with ethical standards set out by the IOC Medical Commission.

8 NOTIFICATION OF THE RESULTS

- 8.1 A result is positive when the 'A' sample is positive and any such result may be acted upon for purposes of any competition or out-of-competition test.
- 8.2 If the result of the A sample analysis is positive, the accredited laboratory will notify immediately the Organizing Member Association, the FITA Office and the IOC Medical Commission. The FITA office will immediately inform the competitor and the President of the competitor's Member Association. At that moment FITA becomes responsible for the remainder of the procedure.
- 8.3 If the result of the A sample is positive the appropriate disciplinary procedures will be initiated.
- 8.4 The competitor will be given the written information describing the procedures that will follow.

- 8.4.1 *The competitor has the right to the testing of the B sample. If he wants this B sample to be tested he has to send in writing this request to the FITA office within 21 days of receipt of the official notification. The competitor has the right to be present or be represented during the analysis of the B sample. The athlete will confirm in writing this decision and will meet all the costs involved.*
- 8.4.2 *The B sample testing will be done according to the procedure in the Olympic Movement Anti Doping Code. The costs connected with the analysis of the B sample will be paid by the athlete's Member Association.*
- 8.4.3 *Should the result of the B sample be negative no further sanctions shall apply, but the initial sanction (disqualification) shall nevertheless remain in full force and effect. If, however, without otherwise affecting the competition, it is still possible for the competitor to be reinserted, the competitor may continue to take part in the competition (for example in the Team Competition).*

- 9.7 Every accused person will be informed of the decision and the reasons for this decision in writing.
- 9.8 The person found guilty will be informed of his/her right of appeal to a duly constituted body with that authority.
- 9.9 The Member Association will inform FITA of the decision reached and sanctions imposed.
- 9.10 Regardless of a sanction being imposed by the Member Association concerned, if the 'A' sample of a doping control in any competition is positive FITA will annul the results achieved in the competition and any prizes or medals awarded should be returned to the FITA office due to the unfair advantage gained over the other competitors.

9.11 If the competitor has shot in a team event the result of the team will be annulled.

In the case of T/E higher than 6, it is mandatory that the relevant medical authority conduct an investigation before the sample is declared positive. A full report will be written and will include a review of previous tests, subsequent tests and any results of endocrine investigations. In the event that previous tests are not available, the athlete should be tested unannounced at least once per month for three months. APPENDIX 9**COMPETITORS WITH DISABILITIES**

FITA welcomes the participation of competitors with disabilities at FITA events. In order to obtain FITA Performance Awards, claim FITA World Records or participate in FITA Championships, competitors must follow the FITA rules laid down in the C & R book, with specific reference to Chapter 2.1.1.

FITA is working with the International Paralympic Committee (IPC) Archery to enable competitors with disabilities to compete at FITA events with the prior approval of the event organizer. IPC is responsible for the classification standards, which are not part of the FITA rules.

Competitors with disabilities who carry IPC Classification, and who may require special consideration in order to compete, should apply directly to the event organizer prior to the event in question stating their specific requirements.

FITA FANFARE

The first system of the musical score consists of four staves, numbered 1 to 4 on the left. Each staff begins with a treble clef, a key signature of one flat (B-flat), and a common time signature (C). The music is written in a fanfare style with various note values and rests. A large brace on the left side groups all four staves together.

The second system of the musical score consists of four staves, numbered 1 to 4 on the left. Each staff begins with a treble clef, a key signature of one flat (B-flat), and a common time signature (C). The music features several triplet markings (indicated by the number '3' above groups of notes) and various note values. A large brace on the left side groups all four staves together.

Composed by Mr. Jiri L. Bastar for the World Championships held in Prague in 1957
